No. 180B.

NOTIFICATION OF THE BOARD OF REVENUE.

No. 3559B.

THE following Rules for the payment of refunds of duty on salt bonded in Inland Bonded Warehouses, are published for general information.

Rules for the payment of refunds of Duty on Salt bonded in Inland Bonded Warehouses from the Calcutta Customs' Treasury.

1. On receipt of an application for refund of the duty on salt stored in an Inland Bonded Warehouse, the Collector of the district, through whom the returns of the warehouse are submitted, will cause to be prepared a statement of all payments of duty on account of salt stored in that warehouse, whether they have been made into the local Treasury or into the Calcutta Custom House Treasury, together with a report stating the quantity of salt on which a refund is payable, and explaining the reasons for the deficiency in the outturn of salt delivered from the warehouse. The salt receipts, in the case of payments at Calcutta, and the duplicate Treasury *chalans*, in other cases, with endorsements showing the deficiency in the outturn, will be annexed to the statement. The papers will then go before the Treasury Officer for verification, by him of the payments of duty into the District Treasury. To facilitate this verification, the number of the bond securing the duty should, in future, be noted on the *chalans* at the time duty is paid in.

2 If the District Officer considers the refund admissible, under Rule 25 of the rules published at page 1329, Part I, of the *Calcutta Gazette*, of the 5th December 1900, he will cause a refund voucher to be prepared in Form No. 13, given at page 338, Volume I, of the Civil Account Code; and, after noting in his registers the amount to be refunded out of duty paid into his Treasury, and signing under the words "Passed for payment," he will forward it with all the papers to the Collector of Customs, Calcutta.

3. The daroga's statement of duty paid into the Calcutta Custom House Treasury (if any) will then be verified in the Custom House, and the papers will then be sent to the Superintendent of the Salt Golah Department, for report as to whether the short-delivery of salt on which the refund is claimed seems reasonable.

4. When it is considered that the refund should be paid, the statement of duty payments into the local Treasury (if any), verified by the local Treasury Officer, will be incorporated in the Custom House account of duty realised on account of the bond, and the refund will then be noted for payment in the Calcutta Custom House. When payment is made, it will be entered against the above account, as required by Rule 99 of the Civil Account Code.

5. An advice of all refunds paid in the Calcutta Custom House under these rules will be sent to the District Officer for note against the original credit entries.

By order of the Board of Revenue, L. P.

H. WHEELER,
Secretary.

Conditions.

1. This license is given subject to the provisions of the Indian Explosives Act, 1884 (IV of 1884), and the rules thereunder.

2. The whole vessel, barge, or craft, in or on board which explosive is stored shall be deemed to constitute the magazine.

3. The magazine shall be used only for the keeping of such explosives as may be specified in the license, and receptacles for, or tools or implements for work connected with the keeping of such explosives.

4. The interior of the magazine, and the benches, shelves, and fittings therein, shall be so constructed or so lined or covered as to prevent the exposure of any iron or steel in such manner, and the detaching of any grit, iron, steel, or similar substance in such manner as to come into contact with the explosive in such magazine, and such interior, benches, shelves, and fittings shall, so far as is reasonably practicable, be kept free from grit and otherwise clean.

5. The magazine shall have attached thereto a sufficient lightning conductor, which shall be tested previous to the storage of explosives.

6. Charcoal, whether ground or otherwise, and oiled cotton, oiled rags, and oiled waste, and any article whatever liable to spontaneous ignition, shall not be taken into the magazine.

7. Before repairs are done to or in any part of such magazine, it shall, so far as practicable, be cleaned by the removal of all explosives, and by a thorough washing out. After being so cleaned it shall not be deemed a magazine until explosives are again taken into it.

8. There shall be constantly kept in the magazine, affixed in such manner as to be easily read, a copy of the license, and of any special rules that may be issued from time to time for the keeping of explosives in a floating magazine.

9. All tools and implements used in any repairs to or in any part of the magazine, shall be made only of wood or copper or brass or some soft metal or material, or shall be covered with some safe and suitable material.

10. No fires, lights, lucifer matches, or any substance or article likely to cause explosion or fire shall be permitted to be at any time in the magazine.

11. Due provision shall be made by the use of suitable working clothes, without pockets, suitable shoes, searching and otherwise, or by some of such means for preventing the introduction into the magazine of fire, lucifer matches or any substance or article likely to cause explosion or fire, and for preventing the introduction of any iron, steel, or grit into any part of the magazine, where it would be likely to come into contact with explosive, and in any part of the magazine in which any explosive is kept which is liable to be dangerously affected by water, due precautions shall be taken to exclude water from such part; but this condition shall not prevent the introduction of an artificial light of such construction, position, or character, as not to cause any danger of fire or explosion: and

so much of this condition as relates to the exclusion of iron, steel, or grit shall not be obligatory in the case of a magazine in which no explosive other than explosives of the 1st Division of the 6th (Ammunition) class is kept.

12. No person shall smoke in any part of the magazine.

13. (*1*) The licensee shall not employ any vessel, barge or craft to carry an explosive to or from the magazine unless the cabin, hold or other part of the vessel, barge or craft in which the explosive is or is to be carried—

(*a*) is constructed without any exposed iron or steel in the interior thereof,

(*b*) contains only explosives, and

(*c*) is closed or otherwise properly covered over;

Provided that clause (*a*) shall not apply in the case of any vessel, barge or craft which carries no explosive other than explosives of the 1st Division of the 6th (Ammunition) class, or which is specially exempted by an order of the Chief Inspector of Explosives or by an order of the Local Government endorsed on this license.

(2) The licensee shall see that the explosives to be placed on any vessel, barge or craft so employed are loaded, carried and unloaded with all due diligence and with such precautions and in such manner as will sufficiently guard against any accidental ignition.

14. The licensee shall see—

(*a*) that no fire, unprotected light or smoking is allowed while any explosive [other than explosives of the 1st Division of the 6th (Ammunition) class] is being received or delivered, or while the hatches or door of the magazine, or the hatches or coverings of any vessel, barge or craft alongside containing any such explosive, are open, and

(*b*) that no receipt or delivery of explosives is carried on, and the hatches or door of the magazine are or is kept closed, when any vessel, barge or craft having on board a fire (other than engine-fires properly banked up) or an unprotected light is alongside a magazine containing an explosive of the 1st Division of the 6th (Ammunition) class, or in its immediate vicinity.

15. A person under the age of sixteen years shall not be employed in or enter the magazine, except in the presence and under the supervision of some grown-up person.

16. In the case of the magazine being approachable at low water by carriages, the words "vessel, barge, or craft" shall in Nos. 12 and 13 of these conditions be taken to include carriage.

17. Two or more descriptions of explosives which may lawfully be possessed in a licensed magazine, may be possessed in the same magazine, if they are separated from each other by an intervening partition of such substance and character, or by such intervening space, as will effectually prevent explosion or fire in one compartment from extending to another compartment, subject to the following qualifications:—

(*a*) the various explosives of Classes 1 (Gunpowder), 2 (Nitrate-mixture), 3 (Nitro-compound), and 4 (Chlorate-mixture), safety fuze belonging to the 1st Division of Class 6 (Ammunition), and such of the various explosives of the 2nd Division of Class 6 (Ammunition) as do not contain any exposed iron or steel, may be kept with each other without any intervening partition or space,

(*d*) the various explosives of the 3rd Division of Class 6 (Ammunition), may be kept with each other without any intervening partition or space,

(*e*) the various explosives of Class 7 (Fire-work), may be kept with each other without any intervening partition or space.

Save as aforesaid, two or more descriptions of explosive shall not be kept in the same magazine.

SENATE HOUSE,
The 20th May, 1903.

Yearly Examination of Candidates for fourth grade of Accountants.

THE yearly examination of candidates for fourth grade of Accountants, Public Works Department, will be held at the Civil Engineering College, Sibpur, on Monday and Tuesday the 6th and 7th July 1903, at 10-30 A.M., both days.

SUBJECTS.

	Full marks.	Minimum pass marks.
Writing (neatness, clearness, and rapidity) ...	100	50
Dictation (spelling, punctuation, etc.) ...	100	50
Arithmetic (the whole)	240	160
Mensuration (*a*) the whole ...	60	30
Book-keeping (*b*) mercantile	100	50
Total ...	600	...

Minimum required in all papers collectively, 400.

(*a*) Todhunter's Mensuration for Beginners.
(*b*) "Book-keeping," by Ball and Hamilton.
"Book-keeping" by double and single entry, by W. Inglis (Chambers' Educational Course).

The examination is held annually at the Civil Engineering College, Sibpur, on the 1st Monday in July. The examination will be conducted either at the College or by an Examiner, Public Works Accounts (including Railway and Telegraph), in Bengal, Assam, and Burma only. The examination will be *ipso facto* vitiated, if it be not held (begun and completed) on the dates fixed; but the officer who will conduct the examination may make his own arrangements in regard to the *place* and *hour* of examination with the candidates.

Candidates will not be examined in any of the Calcutta offices.

A candidate already in permanent Government employ* may be allowed to compete in the examination, even if he is more than 25 years of age, and may be appointed to an accountantship if he passes it; but if he is not already in pensionable service, he will be eligible only for appointment to the non-pensionable establishment on State Railways.

* This term includes employment under Local Boards and foreign bodies, if such is pensionable by the British Government.

2. The candidate should apply to an Examiner of Public Works Accounts not later than 30 days previous to the date fixed for the examination and obtain his consent to conduct the examination, if examination at the College is not convenient. The application must bear the address of the candidate, must be accompanied by a fee of Rs. 10 and the following certificates, and must be forwarded by him, not direct to the Principal, but through the Examiner.

Certificates may be submitted in original, or true copies attested by an officer of the Engineer or Accounts Branch, but none will be returned:—

(1) Certificate of good character signed by applicant's immediate official superior, or by the instructor under whom he has been educated, or by some other superior under whom he may have been brought up or employed, or to whom he may be well known. (This certificate must have special reference to the two years immediately preceding the application.)

(2) Certificate of age (baptismal or of birth, not required, if the candidate is already in permament Governmnt employ).

(3) Certificate that the application is in the candidate's handwriting.

NOTE.—A candidate already in Government service should, in like manner, submit his application through his immediate official superior to an Examiner of Accounts qualified to hold the particular examination, and should state whether he desires to be examined at the office of the Examiner of Accounts concerned or at the College.

It will rest with the Examiner of Accounts, to whom the candidate submits his application, to decide, on a consideration of the certificates submitted, whether the candidate should be allowed to appear for the examination or whether his application should be rejected. The Examiner of Accounts will then forward to the Principal, for registration, the names of the accepted candidates. The names of these candidates should be entered in a statement showing their ages and their addresses, and also showing where each candidate is to be examined, whether at the College or at the office of the Examiner of Accounts. This statement, together with the fees, should be transmitted to the Principal not later than 15 days after the dates fixed in paragraph 2 for the submission of applications of candidates.

3. Examination papers that are issued for examination need not be returned.

4. Each examination is complete in itself. A candidate who has failed in an examination, and presents himself for examination on a subsequent occasion, must undergo the full examination and furnish fresh fee and certificates.

5. If from any cause a candidate fails to appear for the examination, the fee paid will not be refunded.

6. Passed candidates should apply, not to the Principal of the College, nor to the Accountant-General, Public Works Department, but direct to the Examiner of Public Works Accounts in the province or railway under whom they may desire to be employed.

7. It must be distinctly understood that the passing of this examination does not give any claim to an appointment, and that in making appointments preference will be given to qualified persons who are already employed in the Department.

8. The Civil Engineering College acts solely as an examining body in reference to admission to the 4th grade of Accountants, Public Works Department.

9. Candidates for the 4th grade Accountantship examination, who are not Government servants and over 25 years of age, are allowed to appear at the examination at the Sibpur College centre only, but, even if successful, they are debarred from employment in the service of Government, and their names will be excluded from the list of passed candidates which is furnished to the Accountant-General, Public Works Department.

10. Candidates over 25 years of age should apply in writing to the Principal of the Civil Engineering College not later than 30 days previous to the examination; the application to be accompanied by the fee of Rupees Ten.
